Honored to stand with Joe Biden

Steve,

I could not be more honored to be endorsed by our next President, **Joe Biden**.

Joe's been an inspiration to so many Americans and represents the decency we deserve from our politicians. Tuesday's debate reinforced the fact that his empathy and compassion is what Washington and this country need right now.

The support we're receiving right after our biggest fundraising deadline proves that the momentum is on our side. [Will you help us keep up our momentum and chip in \\$10 today?](#)

I agree with Joe that we must restore the soul of this nation and that our

democracy is on the ballot on November 3. He also knows that we are stronger as a nation when we all work together.

Joe said that I will build back better so that North Carolina's families have a fair shot at getting ahead. He knows that Americans need affordable health care now more than ever, and he knows how to get the job done. I'm ready to fight with him to expand health care coverage, make prescription drugs affordable, and ensure everyone has access to a quality education.

But I can't do that without your support through November 3. [Help me restore decency to Washington and pitch in \\$10 right now so we start off October strong.](#)

Thank you,

Cynthia
