Trump was in the heart of NC-09's Lumbee community today

Steve,

Today, Trump was in NC-09's Robeson County for a rally. And Dan Bishop was right there next to him.

This is taking a bad situation and making it worse. Time and time again, Trump and Dan Bishop have been denying science and not wearing face masks at their campaign events, or ensuring that the attendees wear face masks. Meanwhile, Robeson County has been hit hard by COVID-19, and cases have disproportionately risen for Lumbees. Having one of Trump's reckless rallies in Robeson County as a last-ditch effort to win over Lumbee voters is a huge public health and safety concern for NC-09.

[It's time for Trump and Dan Bishop to stop putting people's lives on the line. Will you help me put a stop to Trump and Dan Bishop's threats to public health and chip in \\$10 for these final 10 days of the campaign?](#)

We should not risk lives with a super spreader event 10 days before Election Day in a county that is majority minorities who have been the hardest hit by COVID-19. As your next congresswoman, I'll always put health and safety first for every community in every county.

Warm regards,

Cynthia
