## Alma Adams Comments on Electoral College Vote

**CHARLOTTE** - Congresswoman Alma Adams released the following comment after President-elect Joe Biden surpassed the 270 vote threshold in the Electoral College at approximately 5:30 PM EST:

*"The American people have spoken, and now the Electoral College has reiterated: Joe Biden is the next President of the United States, and Kamala Harris is our Vice President-elect," **said Rep. Alma Adams.** "Their leadership cannot come soon enough. Today, we reached a sobering milestone: 300,000 dead from the COVID-19 pandemic. It is beyond time for President Trump to commit to a peaceful, comprehensive transition of power so that President Biden and Vice President Harris are ready on day one to beat the coronavirus and save lives."*

In 2014, Congresswoman Alma Adams was elected to Congress representing the 12th Congressional District. She is a retired educator with 40 years of experience in teaching and 35 years of experience in public service.
