"From the FUTURE Act to the HBCU Partners Act and much more, I'm proud of what we've accomplished for higher education in the 116th Congress," **said Congresswoman Adams**. "However, there are many challenges ahead. We have to get the pandemic under control so students and educators can return to the classroom safely. We have to continue to address the educational equity gap that has

been widened by COVID-19. Finally, we must continue to work for a cradle to centenarian public education system that opens doors of opportunity for all Americans."
