Disclaimer: Though we will work hard to get your order shipped as soon as possible, please expect delays from mail carriers.

Buying new electronics this holiday season? Donate your old devices to Goodwill! With more than [30 donation sites](#) in the Charlotte metro area, we make it easy to recycle your electronics, working or not. Donating your working or non-working electronics to Goodwill not only keeps environmentally hazardous materials out of landfills but doing so also powers local job training programs and employment opportunities. Through the [Dell Reconnect](#) partnership, we'll make sure your electronics are refurbished to sell in our tech store, The GRID, or recycled responsibly. And if you have data security concerns, don't worry! Goodwill destroys data left on hard drives. Happy donating!
