Hi there,

When Barack and I decided to build the Obama Presidential Center, we knew there was no better location than the South Side of Chicago. The story of the South Side is the story of America—full of talent, ambition, fortitude, and potential.

That's why, this holiday season, I'm asking you to donate to our Foundation and help us build the Obama Presidential Center—to invest in the vibrant community that nurtured my family, made me who I am, and gave rise to Barack's journey of change.

\$25

\$10

\$50

\$100

More than a museum, the Center will be a safe place for young people and families to gather, study, organize, and uplift one another. I know firsthand how investing in the talent and humanity of people on the South Side can transform neighborhoods and empower families.

By giving to the Obama Foundation, you can help provide hope and opportunity to a new generation of leaders on the city's South Side. You can help us reinvest in and revitalize one of the world's great urban centers. And you can help write a new chapter in the South Side's history—a story of dignity and equality where all of our young people are protected and empowered to reach their potential.

We can build something tremendous in Chicago, but we can't do it without you. Before the year is out, donate to the Obama Presidential Center and be a part of something great.

Thank you for your support,

—Michelle

Donate to empower rising leaders bringing hope to their communities.
