CMS Federal Programs & CMS Staff

A special thanks to former CMS former superintendents for giving NABSE an opportunity to organize and implement the first MBK Males of Color

Leadership Summit and ran over seven years with success and serving over 4,500 males of color. We were also blessed with the opportunity to work with former superintendents, Ann Clark, Dr. Heath Morrison, Dr. Wilcox with much success in providing PD opportunities to school leaders, teachers, students and parents. The Student Services department with Dr. Kaclik and Dr. Bitz with whom we reported were so helpful and supportive. We look forward to working with your team as we present NC NABSE first girls group at the Southeast Regional Virtual Conference in April 30 - May 1, 2021. Have a great weekend. Check out our website at ncnabseaffiliates.org for student voices and NCABSE Action working with CMS former superintendents. Betty Howell Gray, Ed.D.

According to 2018-19 reports from school districts and state departments of public instruction across the country, African American children continue to fail at alarming rates while some students are doing well. The National Alliance of Black School Educators care about all children, especially children of African descent due to our mission in furthering academic success for the nation's children. We are concerned with losing generations of AA children. We

are excited to partner with Zaner- Bloser for these events.

After 15 - 20 minutes presentation, Mr. Keith Sutton, Wake County School Board Chair, Moderator will pose each of the following questions to panelists one at a time. Each panelist will respond to questions below, then participants will use the chat box for asking questions. Ten minutes will be allotted for participants to ask questions after each question is answered by panelists. We continue to provide professional development activities to enhance school districts' initiatives for improving student achievement.

1. How is educational equity and race relations addressed and implemented in school districts during COVID-19?
2. What are some proven strategies and best practices in achieving educational equity and racial justice through the work of Systems Change?
3. How can school leadership increase graduation rates, test scores, attendance and ensure school districts full accreditation?
4. How does one ensure their school district has a racial equity policy that yields positive results?

With Gratitude & Appreciation
