FYI:

In case you are not aware, I wanted to inform you about **Mecklenburg County's Low Income Energy Assistance Program (LIEAP)**. Our Department of Social Services is disbursing LIEAP funds to eligible households to help with their immediate home energy needs, so they won't have to choose between heating their homes and buying other necessities.

Qualified applicants can take advantage of this one-time, direct vendor payment in the amount of \$300, \$400 or \$500, (depending on the primary heating source). Applications will be accepted through March 31, 2021. The pandemic's economic impact on our communities has increased the level of urgency for this program. **There are several residents who could benefit from these funds, therefore we are requesting your help to spread the word.**

For your convenience, I have attached flyers (in English and Spanish), which include details on criteria and how to apply. Individuals who are homebound or unable to mail or drop off applications can call 704-336-3000 to complete the application by phone. Please feel free to share this information with your constituents and do not hesitate to let me know if you have any questions.

Thank you in advance for your assistance.
