Good afternoon,

Last year my colleague at UNC Charlotte, Clare Merlin-Knoblich, shared the opening of our lab school with you. Since then, we opened the school in August 2020. We currently serve K-2 students and plan to add third grade next year. I would love to participate in the Forum to share more about the school. Attached are two flyers with information. In addition, you can learn more about us on our [website](#). I would appreciate the opportunity to speak with you to share more about all that we offer students and families in the area.

Warmest regards,

Pamela
