

Does Your Organization, School or Business

NEED COVID-19

SAFETY PLANNING, TESTING OR VACCINATIONS TO AVOID COVID OUTBREAKS?

GROUNDWATER SOLUTIONS, INC. IS ONE OF THE APPROVED AND QUALIFIED NC STATE VENDORS FOR COVID-19 TESTING.

**NO COST \$0 TO YOUR
ORGANIZATION**

We also offer Vaccinations and Organizational Safety Planning.

Groundwater Solutions, Inc. creates a bridge between North Carolina communities and vital resources to increase awareness, access, and utilization of healthcare, thereby resulting in empowered, stable families.

Our Vision: North Carolina families are empowered, stable, and have unrestricted access to Healthcare resources.

Groundwater Solutions is an Peer Led Historically Under Utilized Business (HUB) established 501c3 Corporation in the state of North Carolina (NC). We represent a strong network of Healthcare and Human Service Organization (HSO) providers who deliver services and supports in the focus areas of Housing, Transportation, Food/Nutrition and Interpersonal Safety, as well as the full array of integrated health medical and behavioral care services.

Groundwater Solutions facilitates Community Wide Testing and Vaccination Events throughout NC. We regularly monitor the COVID-19 North Carolina Dashboard (NC DHHS COVID-19: COVID-19 North Carolina Dashboard) to ensure we are providing care and support to the most impacted areas.

REGISTER FOR COVID-19 TESTING AND/OR VACCINATIONS TODAY!

This initiative is targeted for businesses and schools to create a plan for safe operations throughout COVID-19 pandemic as well as respond rapidly when individuals are found to be COVID positive.

We individualize a plan for each organization to include:

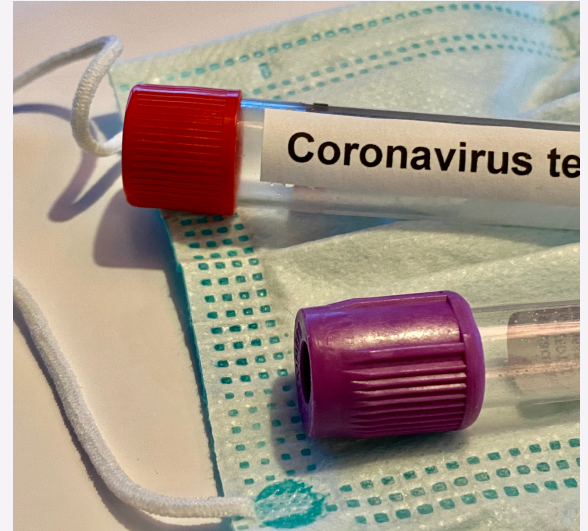

- An onsite evaluation and safety plan with recommendations.
- Serial (ongoing scheduled) testing ranging from weekly, bi-weekly or monthly provided at NO COST OUT OF POCKET to the organization or individuals.
- Onsite vaccinations.
- Serial COVID Sanitization ranging from weekly, bi-weekly or monthly. (Fee is administered for this component)
- Ongoing training, education, and support to staff, students, customers, and parents in the way of webinars, signage, and individual counseling and support.
- Immediate onsite testing and sanitization if someone is found to be COVID positive.

Testing and Vaccination Overview:

- Pre-register for testing and vaccinations at www.groundwater-solutions.org.
 - Mobile COVID-19 testing and vaccine clinics.
 - Clinic: Drive thru or Walk up only.
 - All results are sent to the NC State Lab who then notifies the Local Health Department State Lab.

Upon request, we will make a daily event report for the site to provide numbers of tests performed and numbers of positives when results are in and numbers of vaccines are administered.

Text "Register" to 797979 or go to www.groundwater-solutions.org to register.

LEARN MORE ABOUT OUR COVID-19 MEDICAL LABORATORY

Testing and vaccination are conducted through Mobile COVID clinics which travel daily to community sites located near the populations and areas that have been identified as at-risk. Prior notification is provided through community canvassing, media, social media, and our websites.

Appointments are encouraged to help to facilitate social distancing and lower the probability of infection. Community members are also screened for other needs related to total wellness and the social determinants of health.

Based on those needs, Educational materials, referrals, and resources are provided and questions answered by healthcare professionals.

“

**CHANGING THE WORLD
ONE FAMILY AT A TIME.**
