**Subject: Sports Fundraiser**

Our COVID-19 Site Manager works with young folk in every sport. Don't ask me which one, I know about basketball and baseball. I think. But before COVID he would be having sports camps. Which all had to be cancelled. They say he is one of the best fish frier along with his Mother, who will be with him, in Salisbury. Come have lunch and/or dinner with Terry.

**The Genesis Project COVID-19 Team that did the kickball day. This was after they had been on the road all day. They came in and did our 1st and only Kickball game. And came in the team winner. Dr. Black even kicked one and got on base. I thought it was a plastic. It was an event with Police, Fireman, Medic, and local NAACP and neighbors. It was a "stop the crime" event in Salisbury**
