Love to cook? Come partner with us!

We are very excited to share the Innovation Barn's kitchen with the public!

Electrolux has donated a full teaching kitchen* with 4 stations that include induction ranges and double ovens. In addition, the kitchen has 2 large side-by-side refrigerators/freezers.

We are looking for innovative partners that can help advance the mission of the Innovation Barn and add to an already exciting project by utilizing the kitchen for maximum impact!

We invite all chefs, caterers, mom-and-pop operators, and home cooks to join us August 30th at 2:00pm for an overview and tour of the Innovation Barn and kitchen. We will then begin accepting proposals on the best use of the space until Sept 13th end of day.

Please note that we may accept more than one proposal or none at all.

The Innovation Barn is located at 932 Seigle Ave, Charlotte NC. 28205. We ask that you RSVP below so that we can plan accordingly. We look forward to seeing you then!

RSVP

**Currently, this space is classified as a "teaching kitchen" and has not gone through final permitting for commercial use. You may however include commercial permitting as part of your proposal.*

SAVE THE DATE!

On **September 18th** we will celebrate opening the entire Innovation Barn to the public!

Everyone is welcome. We will demo all programs within to show what a *Circular Charlotte* can look like. More information to follow in the coming weeks.
