Hi Steve,

I trust this email finds you well!

Due to high Covid numbers we will be going back to virtual events.

Will you please update the Food For Thought September event with this new blurb:

Please join us via Zoom to our September Food for Thought with a great presentation from John Cleghorn.

***Is there room to build our houses of faith from the margins in? What happens when multiple types of diversity converge in one faith community? Can we get a glimpse of what congregations could be in America's majority-minority future?***

Come to a dialogue on these and other questions with Rev. John Cleghorn, whose book includes original research about some of the most diverse congregations in America.

“Resurrecting Church: Where Justice and Diversity Meet Radical Welcome and Healing Hope” explores the experiences of these churches along with that of Caldwell

Presbyterian’s own surprising resurrection. It also includes John’s personal story of liberation from the myopia of privilege and whiteness.

\*Given the continued presence of Covid-19 in our community and our desire to protect one another and our compassionate faith values, this will be a virtual event.
