The Mecklenburg County Board of County Commissioners allocated \$2 million to the improvement of existing local parks. Three parks were selected to receive this funding.

LC Coleman Park is located at 1501 McDonald Street in Charlotte, NC. The existing 11 acre park includes two full-court basketball courts, one softball field, one tennis court, a playground, picnic shelter with grill, a gazebo, and a walking trails.

This public meeting's priority is to acquire input from residents on how best to reinvigorate the park by documenting the community's observations and experiences.
