Hello Steve, here are the latest on the BBB Act:

The White House issued a statement today providing updated details on the \$1.75 trillion Build Back Better Act.

- Details on the Build Back Better Framework can be found [here](#).
- A Build Back Better Fact Sheet can be found [here](#).

We hear from several coalitions that this may not be a done deal and there is still opportunity to contact your [Members of Congress](#) to share your support or concern for specific issues that impact older adults such as paid family leave, Medicare coverage of oral, vision, and hearing health, and home and community based services. We attached a recent letter from the [Leadership Council of Aging Organizations](#) sent to Members of Congress that GSA supported.

Thank you
