Steve — February is Black History Month.

We take this time to reflect on the sacrifices, the contributions, the *history* behind the Black American experience. Black activists have paved the way, putting their lives on the line to advocate for change, equity, inclusion, and justice. Let's be clear: Black History *is* American History.

And we must look forward to the work that still needs to be done. Racism is still ever present in our political system — and if we want change, we need to elect Black candidates. That's why we're asking if you'll join us in supporting The Collective PAC this month, an organization dedicated to building Black political power by electing Black Democrats.

Here at Dirt Road PAC, we're proud to partner with The Collective PAC this Black History Month, and we hope you'll join us in supporting their mission of electing more Black candidates by splitting a donation today.

If you've saved your payment information with ActBlue Express, your split donation to Dirt Road PAC and The Collective PAC will go through immediately:

It's simple: If we want to change the laws, we must change the lawmakers. And with the GOP launching attacks on voting rights, abortion rights, and more, we need more leaders that are ready to stand up and fight for our communities on day one.

Steve, this Black History Month please split a donation between Dirt Road PAC and The Collective PAC to support their efforts to elect Black candidates to every level of government→
