Hello!

I hope you're doing well. WFAE 90.7 is hosting a community conversation in response to the launch of our Race and Equity Desk. Here's a link to register.

Eight years ago, Charlotte was ranked 50 out of 50 in upward mobility from a study from Harvard University. We want to see how Charlotte fared since then, and what is left to do.

Because of your work, we would love for you to join us and talk about your concerns regarding Charlotte's upward mobility.

I hope to hear from you soon!

Best,

***Dante Miller***
