Gearing Up For Greatness - 2.0 Academic and Opportunity Fair

CMS celebrates a week of learning and fun for the entire family with daily virtual academic sessions from March 14 - March 17 in the areas of math, science and literacy. Families may register for the sessions [here](#).

Wrapping up the week, CMS hosts a community-wide [resource fair](#) at Garinger High on Saturday, March 19 from 10 a.m. - 2 p.m. There will be free food, educational resources, college and career exploration, entertainment and an opportunity to connect with community organizations and CMS services.

Let's Talk About Safety

The Community Partnership and Family Engagement Department and learning community superintendents will host "Let's Talk About Safety Night" sessions for each of our learning communities. These listening sessions have been designed to invite community members, families, and students to share their voices in an open dialogue about safety in our schools. These events will provide an opportunity to listen to our collective voices, learn from each other, and hear from key community partners whose mission and goals align with public safety in our communities and in our schools.

I've listed high schools to help you identify your Learning Community by its high schools.
