Genesis Project is moving forward into integrative services. To do so, we now have medical services at our center with a holistic approach, which means providing support that looks at the whole person, not just their mental health needs. The support should also consider their physical, emotional, social, and spiritual wellbeing. Come one come all or refer someone to get a medical evaluation. Call 704-596-0505, TODAY!!!

Let's support the mission and the great opportunity of having a doctor supporting Genesis Project's program.
