Dear Friend,

Absentee votes are already being cast and early voting starts just two weeks from today! I wanted to take the opportunity to share why I'm running and some of the issues that are important to this new district as I talk with voters.

I am a former CMS Teacher and Assistant Principal, small business owner, 10-year legislator, basketball coach, and a single working mom.

I am proud of my strong record of service representing you in the State House. While serving as a Chair of the K-12 Education committee, I wrote and successfully passed legislation to eliminate unnecessary high stakes testing of students, create a safer learning environment in schools, and support struggling students.

I will fight to:

- fully fund the Leandro Plan and support public school students, teachers, and staff

- raise the minimum wage to \$15 an hour for hourly and tipped workers
- bring good paying jobs to North Carolina and grow our economy in an equitable way
- expand Medicaid and lower health care costs
- make housing stable and affordable
- always protect the right to vote

With 10 years of seniority, I am ready to hit the ground running on day one to work for you in Raleigh — I will not have a learning curve. I pledge to always be accessible and put the needs of House District 112 first.

**With early voting right around the corner, we need to get the word out to as many voters as possible. [Can you make a contribution to support our efforts over these crucial few weeks?](#)**

I am so grateful for your continued support.

Sincerely,

Tricia Cotham
