JUNE 14, 2022

Hi Friend,

Welcome back to the Civility Localized Newsletter
(formerly the Amplify Charlotte Newsletter)

Happy June and Happy Pride 🌈! Not only are we celebrating our company rebrand all month long, but it's **Pride Month** as well and we couldn't be more pleased to share in the festivities. This week is also special as we prepare to observe **Juneteenth** over the course of the long weekend. Juneteenth celebrations can be found all over the country this year as communities gather to commemorate the [June 19th, 1865](#) ending of slavery in the United States, two years after the Emancipation Proclamation.

One of the things I love about working for Civility Localized is that as an organization of diverse individuals, we believe differences of every kind make us stronger, more effective, and more resilient.

This week we added a new post to the Civility Localized Blog as part of our ongoing rebrand, and I'm pleased to say **Trust**, **Inclusion**, and **Community** make it on our short list of core company values. In the spirit of renewed commitment to inclusion at Civility Localized, we're including pronouns in our team bios and

signatures going forward. As always, we remain committed to equity and belonging in all facets of community engagement work.

Here are some of the big questions we're asking this month:

- How does Pride show up in my community?
- Which voices in my community are proudly celebrating the intersectional spirit of both Pride and Juneteenth?
- What initiatives champion liberation in my community right now, and how can I engage with them?

Answer these or add your own big questions on [Twitter!](#)

That's all I have for now. May your week be filled with the energy of summer as you celebrate both Freedom and Pride in the power of community.

Yours in Celebration,

Elizabeth Flemister (she/her/hers)

Inclusivity at Civility Localized

Our Core Company Values

Seven core company values power everything we do at Civility Localized. From **Trust** and **Inclusion**, to **Community** and **Ease**, we briefly describe them all in one convenient new post on the [Civility Localized Blog](#), and on [YouTube](#). Local communities everywhere deserve to grow with dignity, and that's why we #engagedifferent. We want to know how you define inclusive community!
