Vote for Charlotte Mayor and City Council members today, July 26th 2022.

As we look forward to August, we are excited to celebrate Pride, and to soak up the rest of summer engaging in local culture, history, and art.

Speaking of history, have you taken a walk with the [KnowCLT](#) app, developed by [The Levine Museum of the New South](#)?

An expansion of the exhibit *Brooklyn: Once a City Within a City*, the app lets users experience the historically Black neighborhood as it once was, brought to life through narration, photos, and augmented reality.

As an organization committed to helping communities grow with dignity, we believe it is essential to learn from history. We must know where we've been if we are to know where we're going.
