New RURAL PROJECT

Happy New Year, Steve!

As we look back over 2022, we can be proud of the programs and events that reflected our Theory of Change (Listening, Civic Engagement, and Electoral Engagement). We created these items as part of our "civic engagement toolbox, which allowed us to listen to the marginalized and under-served residents of our focus counties and afforded them an opportunity to amplify their voices and become engaged in their communities and the local electoral process.

[Thank you for helping us reach rural folks in 2022!](#)

On the eve of the anniversary of January 6th, 2021 - when our democracy was threatened - and as we look forward to 2023, we will continue to build on what we have learned and engage even more rural folks who feel unheard, discouraged, disengaged, and disenfranchised, providing hope to the "not seen" and letting them know that their voice and their vote does matter. [We need your help to ensure we have the resources to begin this work strongly in 2023 and increase engagement of rural voters of color.](#)
