Steve,

FIRST* Robotics Competition will be held at the Charlotte Convention Center on March 18th and 19th (10:30 am - 5 pm)

This event will feature three Charlotte area high school aged teams - one of which is East Meck HS.

Bring your children and grandchildren out to have some fun, see some robots in action and support our children as they compete against teams from across the state.

For more info and tickets - <https://tinyurl.com/RoboticsatConventionCenter>

I hope to see you there!

Regards

Rob Hillman
FIRST Robotics Coach/Mentor
100 Black Men Of Greater Charlotte

PS FIRST* offers significant scholarships for program participants. To find out more about how to participate in FIRST K-12 programs check out <https://firstinspires.org>
