Application period now open for Summer Literacy Infusion

Calling all summer camps: Join other community partners this summer working to reduce summer reading loss!

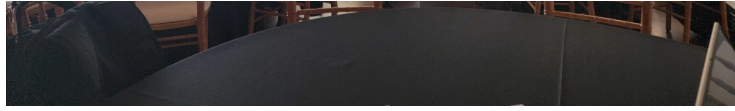

The YMCA of Greater Charlotte is accepting applications now from groups interested in adding simple and fun literacy activities into their summer camp programs. Participating camps will receive training, support, and materials to incorporate the Summer Literacy Infusion model into their programs.

The application period runs through March 20, and a virtual information session will be held on March 14. To learn more or apply, [click here](#), and please share this opportunity with other local organizations that might be interested!

Want to learn more about the Summer Literacy Infusion model? Click here to read our blog about the program!

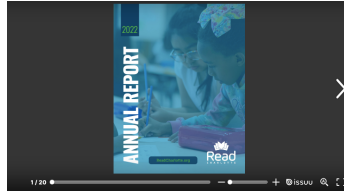

Thank you to our funding community!

It was wonderful to see so many faces at our co-funder meeting in February! Read Charlotte is a community-wide initiative, and coming together in this way is how we get more children reading proficiently and on a path for success and opportunity. Thank you all for your time and support. We look forward to the next one!

In case you missed our last newsletter, check out our [annual report](#)! We're excited to share the report, which looks at the state of early literacy today and the promising efforts happening within Read Charlotte, with our partners, and throughout our community to improve children's reading.
