# MeckEd.

On behalf of the Board of Directors of MeckEd, we want to express our deepest sorrow for the passing of Leon Levine. At MeckEd, we realize that many students have obstacles to learning and academic and career success that they did not ask for and had little control over. Mr. Levine and his foundation recognized the same thing. Mr. Levine deeply loved education and learning, and the groups funded over the years also show his embrace of diversity and desire to help those in greatest need. From supporting the Bi-lingual Preschool to the Augustine Literacy Project, he and his team have shown that every demographic and age can face challenges in learning how to be productive in our rapidly changing society and world, and with support, every one of them can make progress.

We are grateful for his leadership in education over the years. We will continue to be inspired by his vision, mission, and actions to make quality education more accessible to all in our community. We will continue to honor his legacy through our programs, like Career Pathways, that help struggling students with multiple challenges graduate on time and get launched into either colleges or careers of their choosing.

Our hearts go out to the whole Levine family in this difficult time.
