Good afternoon!

I am producing an event that I think you would be really interested in.

We have partnered with the Novant Health Foundation to produce a public conversation about maternal health equity in North Carolina and nationwide.

We want to explore ways to improve maternal health, especially within communities of color, underprivileged, and rural communities. Additionally, our goal for this conversation is to educate our audience on the importance of available prenatal care and support, such as lactation consultants, doulas, and midwives.

The conversation will be on Tuesday, May 23, from 6:30 p.m. to 8:00 p.m. in the Dubois Center at UNC Charlotte Center City, 320 E 9th St, Charlotte, NC 28202.

I would love to invite you to join the audience for this impactful conversation and share this with other people you believe would be interested in this topic. [To register click here.](#)

Thank you so much,

Best,

Dante Miller
