### Read Charlotte's updated strategy

We're excited to share our [updated strategy report](#), which highlights key insights driving our work today, changes to our organizational timeline and goals, and new community indicators that we hope will make it easier to coordinate and align community actions with grade-level expectations in the classroom. We are confident that 80% (or more) of our third graders can reach College and Career Ready in reading if we all work together. The insights in this report inform our work ahead and show where we, as a community, can work together with Charlotte-Mecklenburg Schools to move toward our community goal.

### Thank you to our partners!

Big things are happening in Mecklenburg County! We have loved seeing so many partners coming together around improving early literacy in Charlotte this month. The energy and collaboration is truly inspiring. We can't wait to share more as this work takes shape over the next few months.
