### Read Charlotte and community partners launch Read Together campaign

We're excited to announce [Read Together](#), a campaign developed by Read Charlotte and a group of 16 partner organizations that aims to have more children in Mecklenburg County experience reading together.

The practice is a simple yet powerful way to help children learn about language and the world, and build literacy skills that will help them be successful in school.

The groups involved in the Read Together campaign are working to raise awareness around the importance of the practice, create resources, and help identify and remove possible barriers.

[ReadTogetherCLT.org](#) is a free resource for families and community members, with easy-to-follow tips on three types of reading together: reading to a child, reading with a child, and a child reading to you. The website also includes information on book access programs in the Charlotte-Mecklenburg area.
