It makes a difference

Reading together is a simple yet powerful way to help children learn about language and the world, and build literacy skills that will help them be successful in school.

ReadTogetherCLT.org, a new resource developed by Read Charlotte and a group of 16 partner organizations, is full of tips on making the practice part of your family's routine. It's something that can be done in a variety of ways; anywhere, at any time. Done regularly, it can be a powerful practice in a child's life, helping to build important skills and encourage a love of learning.
