Stakeholders Collaborate with City to Bring Broadband Access to Charlotte

Access Charlotte, a two-year program that launched in June dedicated to closing the digital divide, is a true community effort. Spectrum, CharMeck 311, Charlotte Mecklenburg Library, and DigitalCharlotte all played a role in implementing this exciting and necessary initiative. Hear firsthand from stakeholders as they talk about the importance of this program [here](#).

I very much want to continue the work I have started as your At-Large City Councilwoman. I humbly ask for your vote in the 2023 municipal election.
