

## FIVE REASONS

# TO Vote YES for the School Bonds

And build safer, healthier classrooms for our students.

- 1.** The bond will replace unsafe and outdated schools across CMS with modern, state-of-the-art schools with innovative security features that will **keep students and teachers safe**.
- 2.** Minority students don't have an equal opportunity to learn in outdated, overcrowded and unsafe schools. The bond will build safer schools in inner-city neighborhoods and give **minority students the opportunity to learn** in facilities they deserve.
- 3.** Many of our schools are overcrowded. CMS uses over 1,200 trailers and temporary classrooms. The bond will help **eliminate overcrowding** in our schools.
- 4.** Voting Yes today will **save taxpayers money** in the long run. The longer we wait to build and upgrade our schools, the more expensive it will be.
- 5.** Studies show **academic performance improves** in safer, healthier learning environments.
