Get involved to help improve early literacy

You are a piece of the puzzle for thousands of children in Mecklenburg County.

Working together, we believe our community can increase the percentage of children who finish third grade at College and Career Ready on the state reading assessment to 80%. We can all play a part in reaching this goal, which is why we're asking you to #CommitTo80.

Help set students on the path to success. [Get involved today](#) by reading, tutoring, or donating.

Commit To 80, with us!

Read Together initiative in action

The work on our collaborative [Read Together](#) initiative continues! A big thank you to all our partners, who are helping spread the word about this important initiative and bringing it directly to Mecklenburg County families. We love seeing your work in action, and we're excited about what's to come!
