Spring Flyer for Saturday Academy (1).pdf (~2.2 MB)

Hi Steve,

I hope this email finds you well and that your Thanksgiving holiday was exceptional.

Please include the following announcement in the Sarah Stevenson Tuesday Forum from now through January 12...

The Center for STEM Education at UNC Charlotte offers a STEM Pre-College Program to broaden the pool of students pursuing mathematics, science, and engineering majors and careers. Students in grades 6-12 with interests in math and science are encouraged to apply. The program consists of ten engagements during Spring 2024. Historically, participants engage in various hands-on-enrichment activities in STEM (Science, Technology, Engineering, and Mathematics). Activities include: field trips, lectures and demonstrations by UNC Charlotte faculty/staff/students, robotics; math and science competitions, SAT/ACT preparation; STEM Fairs, Science Olympiad and more. Registration for Spring 2024 is open and will close on Friday, January 12, 2024 at 11:59 p.m. Please visit...
