POSTER BOARD CAMPAIGN COLLECTION SERIES

The Starving Arts™ is proud to introduce the Poster Board Campaign, a community-focused initiative designed to support and promote local artists. We're offering a unique opportunity for artists to gain exposure at no cost. Our team creates professional ads for the artists and shares them across publications, websites, and social media platforms. This complimentary promotion aims to help artists reach a wider audience, showcasing their talents and opening up new possibilities for them in the local art scene. It's our way of putting the spotlight on the incredible creativity around us and giving a helping hand to those with artistic aspirations. Keep an eye out for next month's Poster Board spotlight star in selected publications.
