IMPORTANT ADVOCACY ALERT

TAKE ACTION TODAY: Vote "NO" to overriding House Bill 834

What is HB834?

HB834 is a harmful piece of legislation that would require all 16- & 17-year-olds charged with Class A-E felonies to begin prosecution in adult court. If passed, this bill will mean that children will be prosecuted in the same way that we prosecute adults, denying them access to supportive services available in the juvenile court system.

HB834 is scheduled for veto override THIS Wednesday, June 26, 2024. ACT NOW by calling your local representative and asking them to vote **"NO"** to override Governor Cooper's veto.
