Are you registered to VOTE?

Dear Voter,

My name is Alma Adams, and I am the United States Congresswoman representing you and your neighborhood.

I believe a better North Carolina is possible if everyday people have more of a say over their government: which means **you need to double check your voter registration** to verify that you have an active status. Sometimes, if you miss an election or two, you may be removed from voter registration rolls, and if you've moved recently, be sure to update your records with your new address. You can [doublecheck your registration in one minute](#).

Public records show that many of my constituents are not registered to vote at their current address, but the process to register is simple. Please [print the form at this link](#), add in the missing information and sign and date it at the bottom. If any information is incorrect, cross through it and handwrite the correct information. Fold the registration form inside an envelope, write the address provided for the NC Board of Elections, then mail it.

Are you registered to vote?
