RE: Environmental Justice Town Hall

Dear Northwest Corridor Resident:

The Northwest Corridor Council of Elders would like to request your presence and participation in a town hall forum focusing on Urban Environmental Justice in Northwest Mecklenburg County. The forum is scheduled for Saturday, September 21, 2024 from 10am until 2pm at Chappell Memorial Baptist Church. The church is located at 110 Bradford Drive, Charlotte, NC 28208.

This town hall will begin by explaining what Environmental Justice is. Then it will highlight what is being done concerning Urban Environmental Justice in our communities in Northwest Mecklenburg County. The objective is to highlight current land, water and air quality concerns and what is being done to remediate and improve them in the future. These issues directly correlate to our property values and quality of life. To assist with these important discussions, we have a panel of professional representatives from national, state and local environmental agencies. These representatives are advocating daily to improve our environmental quality of life. Our goal is for you to learn and understand what needs to be done, what is being done, and how to follow the progress of environmental issues in our communities in the future.

We hope to see you there! This will be of utmost importance for anyone that is interested in the future quality of life for themselves, their children and generations to come. The town hall will also be a way to further connect with like-minded neighbors wishing to volunteer to help improve our communities.

Best Regards,

Tammy Hill
Chair, Urban Environmental Justice Town Hall Coordinator
