If you are like me, you probably know someone who has moved since the last election and is not registered to vote at their current address. Maybe it's even you?

**Make sure you are registered to vote at your current address.** You can check your registration [here](#). If you find that you're not registered or not registered at your current address, please get this done before the deadline of October 11, 2024.

You can also register to vote by [downloading the form](#) or picking one up at a library or your county's board of elections office and mailing it in. Just make sure it's hand-delivered to your county office or postmarked by October 11, 2024.

You can [update your driver's license online in most cases](#) or go to a DMV office in person. Do it now, so your new license will arrive in time for voting. Some counties [have self-serve DMV kiosks to help you avoid the lines](#). If you need a free ID for voting, you can get one [at your county board of elections office](#) or [from the DMV](#).

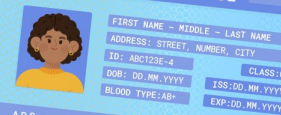

Hey North Carolina!

In 2024, you'll need a photo ID to vote.

- ★ NC driver's license
- ★ Passport
- ★ Most college IDs and more!

NO PHOTO ID?

Fill out an exception form and vote a provisional ballot that counts!

**Get an absentee ballot and vote by mail** if you or a relative won't be in town to vote in person during early voting (October 17 - November 2) or on Election Day (November 5). You can request a mail-in ballot for yourself or a "near relative" [at this link](#). These applications must be in writing and received by October 29, 2024. (The completed ballot must include a copy of the voter's photo ID and be received by November 5, 2024). **Think about the college students, military service people, and other travelers you know and urge them to get their absentee ballot ASAP.**

[Look up your sample ballot](#) and educate yourself about all the candidates. There are a lot of races this year - don't be caught unprepared. We need you to **make an informed vote in every race**, all the way to the end of the ballot. (If you want my personal recommendations, email me back and ask.)

**Share this information with other North Carolinians.** It is more important than ever to be prepared. The Legislative majority has enacted barriers to make it harder to vote. Don't let them stop you! By spending a few minutes preparing now, you will be ready to help us build a better North Carolina. We need your vote this year!

**One last thing:** it is expensive to run a statewide campaign against an entrenched incumbent who gets a lot of campaign money from insurance company PACs and executives. I wanted to take the time to put this checklist together for you, but also need to get back to raising money and talking with voters about the race for NC Commissioner of Insurance. [Will you support my campaign and help elect pro-democracy candidates to the Council of State?](#)
