Dear Members.

The HVCA wants more positive events to occur at Sugar Creek and Reagan and Tom Hunter and North Tryon. In fact, the HVCA will begin asking churches and mosques to plan events on these corners and we will be planning events such as prayer vigils and events to distribute resources etc. We will begin discussing the protocol at our Code Enforcement Meeting on 10/29/2024.

This is an event coordinated between CMPD and the businesses. **Your presence will make a difference.**

Thanks,

Marjorie Parker
