Our 2024 Impact Report Is Here!

In the last year, Council for Children's Rights helped thousands of children in extraordinary circumstances.

Council for Children's Rights works tirelessly to holistically address the unique needs of each child we work with. Our team shows up for our children every day—whether we are fighting for a student's right to special education services, protecting a teen in the courtroom, advocating for a child's right to a stable home environment, or addressing systemic issues at-large.

Our work could not continue without you.

Thanks to you, Council was able to serve **more children than ever before** in the past fiscal year. Across our teams, we served 2,162 children in 4,421 legal cases.

Despite overwhelming need, Council for Children's Rights is one of the only organizations in North Carolina that provides these essential legal services to children free of charge.

Our funding comes vastly from individuals like yourself, who are dedicated to speaking up for children's rights. We need your help to continue providing these crucial, life-changing services to our community's children.

With your support, Council is able to *take action* so every child has the opportunity to access *equitable opportunities* and *reach their full potential*.
