When you [make a \\$25 gift by the end of 2024](#), you're supporting all of the important work that The Obama Foundation does to empower rising leaders around the world, including through the Girls Opportunity Alliance.

This program is deeply personal to me. When I was growing up, the classroom was one of the first places that helped me find my voice. I learned a lot in school—my multiplication tables, how to structure a paragraph—but also how to raise my hand, push myself, and speak my mind.

I believe that every girl on the planet deserves those same opportunities to pursue her education and her dreams. That's why our program works to:

- Connect leaders and strengthen their impact with a growing community of 4,000 grassroots organization leaders—from Chicago to Vietnam—dedicated to adolescent girls' education and empowerment.
- Inspire action and commitments globally by supporting grassroots organizations that break down critical barriers for girls.
- Empower adolescent girls to learn and take action by offering new opportunities to help girls learn and grow.

But none of this is possible without the support from people who care; people who are willing to get off the sidelines and live their values; people like *you*.

[Please make your year-end donation today. But hurry—our matching gift offer expires December 31, so time is running out to have your gift double in impact!](#)

Thank you for joining us in this work.

—Michelle
