To <sjohnston@tuesdayforumcharlotte.org>

Date 2025-02-01 00:13

Dear Friend,

I'm Senator Joyce Waddell, and I'm excited to introduce myself and share a little about the work I've been doing for District 40 and our great state of North Carolina. Whether you're hearing my name for the first time or already know a bit about me, I'm thrilled to have the opportunity to connect with you.

Since 2015, I've had the honor of serving District 40 in the North Carolina State Senate. For nearly a decade, I've been fighting for the issues that matter most to you – like ensuring our children receive a quality education, improving access to affordable healthcare, building a stronger economy that works for everyone, and championing fair and affordable housing for the people of Charlotte. And I'm not done yet! I'm running for re-election in 2026 because there's still much more to accomplish, and I'd love to have your support as we continue this journey together.

A Lifetime of Service and Dedication

My story starts with my deep passion for education. Before stepping into public office, I spent over 30 years in the field of education, including 21 years as a teacher and administrator in Charlotte-Mecklenburg Schools. I earned my degrees from some of the finest universities in the region, including South Carolina State University, UNC Charlotte, North Carolina A&T State University, Appalachian State University, and my doctorate from UNC Greensboro. Education has always been at the heart of everything I do, and I'm proud to continue that fight in the Senate.

When I entered the State Senate, I brought my passion for education with me. I've worked hard to improve our schools, advocate for better teacher pay, and ensure every child in North Carolina has the opportunity to succeed.

Working for You in the Senate

As your State Senator, I've had the privilege of serving on several key committees that focus on education, the state budget, and retirement benefits. I've worked to pass laws that directly benefit our community, including:

- Protecting victims of domestic violence by ensuring those convicted of violent crimes are prohibited from purchasing firearms.
- Expanding mental health services in our community colleges to support students and staff.
- Creating job training programs to ensure everyone in North Carolina has the opportunity to build a successful career.

My Mission

My mission is simple: to make sure everyone in our

community, regardless of their background, has a fair shot at success. Whether it's fighting for affordable healthcare, helping small businesses thrive, expanding access to fair and affordable housing, or ensuring we invest in our schools, I'm here to serve you and keep pushing for the change we need.

Join Me in Making a Difference

As I prepare for the 2026 election, I need your help to keep this fight going. This campaign isn't just about me – it's about all of us working together to create a better, brighter future for our families and our community. Whether you can volunteer, share my message with friends, or contribute to my campaign, your support will help us keep making progress for District 40.

JOIN THE FIGHT

Together, we can ensure that District 40 continues to have a strong voice in Raleigh – one that stands up for our values and our future.

Thank you for taking the time to get to know me. I truly appreciate your support, and I look forward to working together!
