Good morning,

Thank you for the opportunity to share about Carolina Youth Coalition at the April 28th Forum. As mentioned during that forum, we are currently in need of 20 mentors to work with our rising high school seniors next school year. Interested community members can visit www.carolinayouth.org/join-us to learn more about becoming a mentor. We'd appreciate including this information next time you are sharing community opportunities.

Please let me know if any additional information is needed.

Thanks,

Aaron Randolph
