

CLIENT SUCCESS

WBCC has been a blessing to me and my business journey, since joining the WBCC program Game Changer 2021 I have been able to get a clear understanding of how to create a business structure, systems, business plan and so much more. I finally feel like a true business owner with goals and long term growth potential. I have received advice, help and information that I could not be more thankful for.

The WBCC has helped me . . . with confidence in going after my business, especially being a woman and growing up with only the men in my family having businesses.

PASSIONATE PURPOSEFUL PROFESSIONALS

"Before, I had a lot of ideas, but no road map to actually get them done. So, the Women's Business Center really helped me outline my ideas, take the steps I needed to take and achieve my goals. And, I saw a lot of great things happen for my business. My revenue increased, my connections increased, and I was able to get a mentor to help me with the process as well.
