Dear Friends and Partners,

We have exciting news to share that the League of Women Voters is a sponsor of the nationwide event, *Good Trouble Lives On: National Day of Action* which is being held on July 17. LWV Charlotte Mecklenburg will be participating in a few activities around town to bring attention to the importance of voting, voting rights, and the John Lewis Voting Rights Advancement Act.

In addition to some voter registration/education drives around town, we are planning an event at Freedom Park in Charlotte. We have secured a permit, and are finalizing plans, etc. I wanted to reach out to see if your organization would like to partner in this effort either by planning, joining, or getting the word out. Our thought was to have a table with information about current voting laws, voter registration forms, and resource handouts/QR codes including those with info about our organizations. We also plan to have a handful of speakers (not yet confirmed), to draw attention to the event. As the national event is on a Thursday, we are planning to host our event during the lunch hour, 11am-1pm to capture folks on their lunch break.

All the best,

Sara
