Friend,

With our democracy hanging by a thread and Republicans gutting every social safety net, this administration is now laser-focused on destroying the futures of America's children.

This week, the administration announced plans to withhold \$6.8 *BILLION* in critical funding for local schools, which would be detrimental to students and families nationwide.

That's why the NAACP has sued to stop the Trump Administration from dismantling the Department of Education.

We know that education is currency, it's power, and it's a RIGHT! We will not give up the fight for our children's future, *but we need your support now more than ever.*

We've seen what happens when we "let the states decide": **Racial discrimination, the abandonment of those with disabilities, rampant illiteracy, skyrocketing rates of childhood hunger, and worse outcomes for America.**

[The NAACP is advocating, agitating, and litigating at every level to fight for our children's future. We are doing all we can to ensure the next generations are equipped with the tools they'll need to thrive – but we can't do it without your support. Will you join the fight today by making a generous donation?](#)
