Dear Supporter,

We're halfway through 2025, and StriveCLT has been on the move—and it's all thanks to champions like you! From sparking financial confidence in families to nurturing curiosity and connection in kids and seniors alike, our programs have brought real change to our community.

Here's a quick snapshot of what we've been up to:

- 🌸 Hosted a heartfelt Senior Love Day, filled with handmade gifts, hugs, and shared laughter—bringing joy and connection across generations.
- 🚌 Led an exciting Spring Break Camp for our afterschool students with an immersive field trip that sparked learning and exploration beyond the classroom.
- 💻 Continued computer literacy trainings for seniors, equipping older adults with the tech skills needed to stay connected and navigate the digital world with confidence.
- 💰 Held financial literacy workshops, helping families budget, build credit, and plan for generational wealth.
- 👥 Collaborated with partners to deepen community ties and expand opportunities for impact.

So far this year, dozens of children, seniors, and families have benefited from StriveCLT's efforts—and we're just getting started.

This summer, we're going even further—

After gifting students hundreds of books over the past few years, we're now raising funds to provide something just as meaningful: a bookshelf of their own. A special space to store their growing home libraries serves as a lasting symbol of pride, possibility, and the power of literacy.
