Friend,

Our cities are being militarized, ICE is illegally kidnapping our neighbors, President Trump's budget is taking away healthcare and food stamps, and nationwide, our civil rights are being stripped away — all while the cost of living continues to rise, and the billionaires get richer.

Discriminatory practices like racial gerrymandering and confusing changes to voting requirements erode access to the ballot box, jeopardizing election integrity and preventing millions of Americans from having a voice in our democracy.

That's why we are launching the Fierce Advocacy in Action Town Halls — a national initiative to mobilize Black communities, hold decision-makers accountable, and build power ahead of the 2026 midterm elections.

It's up to us to strengthen our community, recruit volunteers, inform each other about Trump's oppressive policies, and map out local strategies that will ensure everybody gets out to vote. There's no time to waste, friend!
