**The only national giving day for Black-led and benefiting non-profits, Give 8/28 is more than just a day to give back but it's a day of honoring Black-led organizations that have an unshakable spirit. This is for the organizations that are showing up for both the culture and community.**

***GIVE 8/28 GOAL: \$5,000***

**This Give 8/28, SOL Nation is setting out with a clear goal—raising \$5,000 to power the work that lies ahead.** Every dollar will go directly into community-led projects that are creating real solutions where they're needed most.

One of those projects is the Eco-Renaissance Project, a movement for environmental dignity, economic empowerment, and revitalization right here in Charlotte's Historic West End. Another is our upcoming documentary, Environmental Justice Is Food Sovereignty, which lifts up the stories of farmers, neighbors, and advocates who are shining light on food deserts and fighting for better food access in our communities.

These efforts matter because they are not abstract—they are about people, neighborhoods, and futures that we can touch. They're about ensuring that communities often left behind are instead leading the way toward healthier, more sustainable, and more just solutions.

This work can't happen without you. By helping us reach our \$5,000 goal, you're not just donating—you're fueling movements, amplifying voices, and investing in a future where dignity and sustainability are the standard.

**Join us this Give 8/28 and be part of the change. Together, we can make it happen.**
